

Received via email from Kevin Murray, Bord Gais Energy on 17 April 2015

Hi Aidan,

With regards to Transitional Arrangements Business rules, I would like to make the following comments:

1. Transitional capacity booking arrangements (3.1.2) refers to requests to alterations of bookings may take place between 1st August 2015 to 23rd September 2015. Options on this point allows a shipper to change the amount they have to book from November 1st 2015 to 30th September 2016 but it must be requested within the aforementioned time. It is my belief that this is very restrictive, as a shipper will not be able to gauge in August / September 2015 what "shortened" annual capacity they require from say January 2016 to Sept 2016.
2. The rule should state for 3.1.2 section (b), that a new annual capacity booking can be requested 8 days prior to its activation date (i.e. annual capacity for January 2016 to Sept 2016 can be requested up to December 23rd.)
3. We welcome clause 9.1.2 which allows unbundled capacity to be transferred
4. Note: date at the bottom of point 3.1.3 should this state 23 September 2015 not 2014.

Regards

Kevin
