

The Commission for Energy Regulation today approved an Interim Entry Tariff with respect to the Proposed Bellanaboy Entry Point and to coincide with the approval of Code Modification A034 (Corrib Bellanaboy Entry Point Arrangements). The Interim Entry Tariff is:-

- Capacity €100.00 per Peak Day MWh.
- Commodity €0.100 per MWh.

This Tariff is an Interim Tariff pending publication of the enduring Tariff.

It should be noted that the Entry Tariff payable by Shippers will be the Tariff applicable during the Capacity Booking period which is not necessarily the same as that at the time of the Capacity reservation.
